## Taking the Next Step for Alabama's Children

This conference will focus on the ongoing efforts of the Children's Policy Councils of Alabama on both the county and state level.

Last year, our county CPC members came together and discussed their challenges and were briefed on the new tools and resources designed to help them in their efforts. Now as a state, we are ready to take our next steps. Conference presenters will share ways they are making a difference in their areas, information on grant writing and successful community programs you can replicate.

Let's continue our work to make Alabama a better place for kids. We look forward to seeing you on July 28th!

### Topics Include:

- Important Role of Alabama's CPCs
- Unlocking CPC Potential
- Impacting School Absenteeism
- Strengthening Education
- Grant Writing & Funding Opportunities
- New Tools for child advocates
- 2016 Needs Assessments
- And a great resource fair!
